On February 5, 2020 the Borough passed Resolution No. 75, which adopted a workplace drug and alcohol testing policy for all Borough employees possessing a Commercial Driver's License ("CDL"). That policy was implemented as the Borough is required to comply with 49 CFR Part 40 Regulations of the U. S. Department of Transportation ("DOT") Procedures For Transportation Workplace Drug and Alcohol Testing Programs and Urine Specimen Collection Guidelines, Office of Drug and Alcohol Policy and Compliance, U.S. Department of Transportation for all employees of the Borough possessing a CDL. In addition to meeting Federal regulations, the policy establishes a program designed to help prevent accidents and injuries resulting from the misuse of alcohol or use of controlled substances by drivers of commercial motor vehicles.

§ 69-83. Commercial Driver's License ("CDL") Drug and Alcohol Policy

The CDL Policy is appended hereto as Exhibit A and incorporated as part of this Ordinance as if fully set forth in. A copy of the CDL Policy shall be on record with the Municipal Clerk's Office at all times and available for inspection by any person.

This includes, but is not limited to, collectors, BATs and STTs, laboratories, MROs, substance abuse professionals, and C/TPAs. To act as service agents, persons and organizations must meet DOT qualifications, if applicable. Service agents are not employers for purposes of this part.

Stand-down means the practice of temporarily removing an employee from the performance of safety-sensitive functions based only on a report from a laboratory to the MRO of a confirmed

positive test for a drug or drug metabolite, an adulterated test, or a substituted test, before the MRO has completed verification of the test results.

Violation rate for random alcohol testing means the number of 0.04 and above random alcohol confirmation test results conducted under this part plus the number of refusals of random alcohol tests required by this part, divided by the total number of random alcohol screening tests (including refusals) conducted under this part.

PREEMPTION OF STATE AND LOCAL LAWS 382.109

(a) Except as provided in paragraph (b) of this section, the Federal regulation requiring this alcohol and controlled substances testing preempts any State or local law, rule, regulation, order to the extent that:

- (1) Compliance with both the State or local requirement and the Federal regulation is not possible; or
- (2) Compliance with the State or local requirement is an obstacle to the accomplishment and execution of any requirement of this Federal regulation.

(b) This policy, and the Federal regulation requiring it, shall not be construed to preempt provisions of State criminal law that impose sanctions for reckless conduct leading to actual loss of life, injury, or damage to property, whether the provisions apply specifically to transportation employees, the Borough, or the general public.

OTHER REQUIREMENTS IMPOSED BY THE BOROUGH 382.111

Except as expressly provided in this policy, nothing in the Federal regulation 382 and 49 CFR part 40 shall be construed to affect the authority of the Borough, or the rights of drivers, with respect to the use of alcohol, or the use of controlled substances, including authority and rights with respect to testing and rehabilitation. Accordingly, the Borough has adopted, under its own authority, a Non-DOT drug and alcohol testing program.

REQUIREMENT FOR NOTICE 382.113

Before performing an alcohol or controlled substances test under the Federal regulation, the Borough shall notify a driver that the alcohol or controlled substances test is required by Federal regulation. The Borough shall not falsely represent that a test is administered under Federal regulation.

STARTING DATE FOR TESTING PROGRAMS 382.115

All domestic-domiciled employers must implement the requirements of this policy the date the employer begins commercial motor vehicle operations.

PUBLIC INTEREST EXCLUSION 382.117

The Borough shall not use the services of a service agent who is subject to a public interest exclusion (PIE) in accordance with 49 CFR part 40, Subpart R.

EMPLOYEE ADMISSION OF ALCOHOL AND CONTROLLED SUBSTANCE USE
382.121

(a) Employees who admit to alcohol misuse or controlled substances use are not subject to the referral, evaluation and treatment requirements of this policy and 49 CFR part 40, provided that:

(1) The admission is in accordance with the Borough's written voluntary self-identification program or policy that meets the requirements of paragraph (b) of this section;

(2) The driver does not self-identify in order to avoid testing under the requirements of this part;

(3) The driver makes the admission of alcohol misuse or controlled substances use prior to performing a safety sensitive function (i.e., prior to reporting for duty); and

(4) The driver does not perform a safety sensitive function until the Borough is satisfied that the employee has been evaluated and has successfully completed education or treatment requirements in accordance with the self-identification program guidelines.

(b) A qualified voluntary self-identification program or policy must contain the following elements:

(1) It prohibits the Borough from taking adverse action against an employee making a voluntary admission of alcohol misuse or controlled substances use within the parameters of the program or policy and paragraph (a) of this section;

(2) It must allow the employee sufficient opportunity to seek evaluation, education or treatment to establish control over the employee's drug or alcohol problem;

(3) It must permit the employee to return to safety sensitive duties only upon successful completion of an educational or treatment program, as determined by a drug and alcohol abuse evaluation expert, i.e., employee assistance professional, substance abuse professional, or qualified drug and alcohol counselor;

(4) It must ensure that:

(i) Prior to the employee participating in a safety sensitive function, the employee shall undergo a return to duty test with a result indicating an alcohol concentration of less than 0.02; and/or

(ii) Prior to the employee participating in a safety sensitive function, the employee shall undergo a return to duty controlled substance test with a verified negative test result for controlled substances use; and

(5) It may incorporate employee monitoring and include non-DOT follow-up testing.

DRIVER IDENTIFICATION 382.123

- (a) For each alcohol test performed, the Borough shall provide the driver's commercial driver's license number and State of issuance in Step 1, Section B of the Alcohol Testing Form (ATF).
- (b) For each controlled substance test performed under this part, the Borough shall provide the following information, which must be recorded as follows:
 - (i) The driver's commercial driver's license number and State of issuance in Step 1, section C of the Federal Drug Testing Custody and Control Form (CCF).
 - (ii) The employer's name and other identifying information required in Step 1, section A of the ATF.

EMPLOYEE ASSISTANCE PROGRAM

The Borough's employee assistance program (EAP) is a confidential program designed to assist in the identification and resolution of problems associated with employees impaired by alcohol or drugs, or other personal concerns that may adversely affect employee job performance.

SECTION B - PROHIBITIONS

ALCOHOL CONCENTRATION 382.201

No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater. If the Borough has actual knowledge that a driver has an alcohol concentration of 0.04 or greater, the driver will not be permitted to perform or continue to perform safety-sensitive functions.

ON-DUTY USE 382.205

No driver shall use alcohol while performing safety-sensitive functions. If the Borough has actual knowledge that a driver is using alcohol while performing safety-sensitive functions, that driver shall not be permitted to perform or continue to perform safety-sensitive functions.

PRE-DUTY USE 382.207

No driver shall perform safety-sensitive functions within four (4) hours after using alcohol. If the Borough has actual knowledge of a driver who has used alcohol within four (4) hours, that driver will not be permitted to perform or continue to perform safety-sensitive functions.

USE FOLLOWING AN ACCIDENT 382.209

No driver required to take a post-accident alcohol test under 382.303 shall use alcohol for eight (8) hours following the accident or until he/she undergoes a post-accident alcohol test, whichever occurs first.

REFUSAL TO SUBMIT TO A REQUIRED ALCOHOL OR CONTROLLED SUBSTANCES TEST 382.211

No driver shall refuse to submit to a post-accident alcohol or controlled substances test required under 382.303, a random alcohol or controlled substances test required under 382.305, a reasonable suspicion alcohol or controlled substances test required under 382.307, or a follow-up alcohol or controlled substances test required under 382.311. The Borough shall not permit a driver who refuses to submit to such tests to perform or continue to perform safety-sensitive functions.

DISCLOSURE OF OFF-DUTY DUI AND DRUG OFFENSE ARREST AN/OR CONVICTION 382.111

Safety Rule requiring mandatory reporting by Drivers of off – duty DUI and Drug Offense Arrest and/or Conviction. In accordance with the authority granted to the Borough by the DOT in 49 CFR 382.111 to imposed other requirements to prevent alcohol misuse by Drivers, it is mandatory that Drivers disclose to their supervisor by the end of the business day arrest and/or convictions for all alcohol and/or drug related offenses committed while operating any motor vehicle. This will allow the Borough to immediately remove from safety sensitive functions, Drivers who have engaged in off – duty unsafe behavior related to alcohol or drug misuse (which is directly related to their safety sensitive functions performed for the Borough) to make determinations as follows: 1) if the Driver is fit for duty; 2) if the Driver is still qualified under DOT regulations to operate a CMV for the Borough ; 3) if the Driver is still insurable at standard

rates under the Borough fleet policy; and 4) if the Driver can still meet the essential job functions for the position of Driver. It is an Essential Job Function of every DOT regulated Driver that they be qualified and licensed to operate a CMV without the use of a judicially ordered interlocking device, or similar device as part of a diversion or conviction for an alcohol related offence.

PRE-DUTY DISCLOSURE OF ANY IMPAIRING EFFECT MEDICATION OR SUBSTANCES 382.213

(a) No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substance, except when the use is pursuant to the instructions of a licensed medical practitioner, as defined in 382.107, who has advised the driver that the substance will not adversely affect the driver's ability to safely operate a commercial motor vehicle.

(b) The Borough, having actual knowledge that a driver has used a controlled substance, shall not permit the driver to perform or continue to perform a safety-sensitive function.

(c) The Borough may require a driver to inform the Borough of any therapeutic drug use.

All drivers of the Borough are required, as a safety rule and under DOT regulations, to pre-duty disclosure that they are taking ANY impairing affect therapeutic drug, prescription medication (including medical marijuana), over-the-counter medication, mind altering synthetic or designer drugs or substances which may have an effect on their ability to safely operate a commercial motor vehicle or the performance of safety-sensitive duties. It is an essential function of every driver's position at the Borough to be able to work in a constant state of alertness and in a safe manner. If the fact that the driver is taking an impairing effect drug, medication or substance is not disclosed pre-duty by a driver, and the driver tests positive or is determined by the MRO to be a potential safety risk due to a drug, medication or substance, that driver will be subject to discipline, up to and including termination for violation of this safety rule. If disclosure is made, the Borough, in accordance with its authority under 49 CFR Part 391.11(a), reserves the right to send the driver for a Fitness-for-Duty evaluation to evaluate the medication and its possible adverse effects on the driver's ability to safely operate a commercial motor vehicle or the performance of other safety-sensitive duties. In determining whether the employee has a legally valid prescription so as to constitute a legitimate medical explanation, consistent with the Controlled Substances Act (CSA), the MRO will use the CSA standard when conducting his medical review (49 CFR Part 40.137).

In advance of the operation of a commercial motor vehicle, or the performance of other safety-sensitive duties, or testing, drivers are strongly encouraged (and mandated by DOT Regulations) to have their own doctor make an individualized assessment of any safety related risks of the drug, medication or substance which they are taking, providing the doctor a copy of their job description or specific duties, and having the doctor render an opinion on the safety related risks. The driver need not disclose to their supervisor the drug, medication or substance, or the medical condition involved, to fulfill this pre-duty disclosure obligation of this safety policy, but may do so confidentially to the DER. All information provided will be kept separate from personnel files and in a confidential manner by the DER. The MRO will make the final determination on the driver's ability to safely operate a commercial motor vehicle or the safety related risks of any particular drug, medication or substance, although the Borough shall make the final determination on whether the driver is qualified to drive/operate a commercial motor vehicle.

CONTROLLED SUBSTANCES TESTING 382.215

No driver shall report for duty, remain on duty or perform a safety-sensitive function, if the driver tests positive or has adulterated or substituted a test specimen for controlled substances. The Borough, having actual knowledge that a driver has tested positive or has adulterated or substituted a test specimen for controlled substances, shall not permit the driver to perform or continue to perform safety-sensitive functions. In accordance with 49 CFR Part 40.171, when the MRO has notified the driver that he or she has a verified positive drug test and/or refusal to test because of adulteration or substitution, the driver has 72 hours from the time of notification to request a test of the split specimen.

EMPLOYER RESPONSIBILITIES 382.217

No employer may allow, require, permit or authorize a driver to operate a commercial motor vehicle during any period in which an employer determines that a driver is not in compliance with the return-to-duty requirements in 49 CFR part 40, subpart O, after the occurrence of any of the following events:

- (a) The driver receives a positive, adulterated, or substituted drug test result conducted under part 40;
- (b) The driver receives an alcohol confirmation test result of 0.04 or higher alcohol concentration conducted under part 40;
- (c) The driver refused to submit to a test for drugs or alcohol required under § 382; or
- (d) The driver used alcohol prior to a post-accident alcohol test in violation of § 382.209.

CONSEQUENCES OF CONDUCT PROHIBITED BY SECTION B Any driver who engages in conduct prohibited by Section B of this policy will be subject to disciplinary action up to and including termination.

SECTION C - TESTS REQUIRED

TESTS REQUIRED

Required testing includes pre-employment (controlled substances required, alcohol at option of the Borough), post-accident, random, and reasonable suspicion. Return-to-duty and follow-up testing is also required if the Borough allows a "positive" test employee to return to a safety-sensitive function after the required evaluation by a Substance Abuse Professional and the required rehabilitation.

THE BOROUGH RESERVES RIGHT TO CONDUCT NON-DOT DRUG AND ALCOHOL TESTING

In addition to drug and alcohol testing conducted by the Borough pursuant to 49 CFR Part 40 and 49 CFR Part 382, the Borough reserves the independent authority to screen and/or test employees under the Borough's Policy including, but not limited to, laboratory testing and point of collection test (POCT) devices utilizing alternative body specimens including hair, urine and oral fluid (saliva), for the detection of illegal drugs, prescription and over-the-counter medications or substances which have an impairing affect and/or alcohol, taken by those who are considered safety-sensitive employees, as may be permitted and/or restricted by applicable state or local laws or regulations and applicable collective bargaining agreements. The term "illegal use of drugs" includes any mind altering synthetic or designer drugs as well as any controlled or scheduled substance not used in accordance with a health care provider's lawful prescription for the user. These collections will be performed in addition to, and not as a substitute for, DOT regulated tests and these urine specimens will not be poured from or taken from the same specimen collected for a DOT urine test or alcohol test [40.13] and will not be conducted using DOT forms [40.47, 40.227]. This may also include a "zero tolerance" policy for the use of drugs or alcohol.

PRE-EMPLOYMENT 382.301

(a) Prior to the first time a driver performs safety-sensitive functions for the Borough, the driver shall undergo testing for controlled substances as a condition prior to being used, unless the Borough uses the exception in paragraph (b) of this section. The Borough shall not allow a driver, who the Borough intends to hire or use, to perform safety-sensitive functions unless the Borough has received a controlled substances test result from the MRO or C/TPA indicating a verified negative test result for that driver. The Borough shall require a re-collection of a urine specimen on any pre-employment, return-to-duty and follow-up drug test if the result is negative-dilute. The MRO has authority to direct the re-collection be observed. If the second test result is also negative-dilute, the Borough shall accept the result as a negative test.

(b) The Borough is not required to administer a controlled substances test required by paragraph (a) of this section if:

- (1) The driver has participated in a controlled substances testing program that meets the requirements of this policy within the previous 30 days; and
- (2) While participating in that program, either--

- (i) Was tested for controlled substances within the past 6 months (from the date of application with the Borough), or
 - (ii) Participated in the random controlled substances testing program for the previous 12 months (from the date of application with the Borough); and
- (3) The Borough ensures that no prior employer of the driver of whom the Borough has knowledge has records of a violation of this policy or the controlled substances use rule of another DOT agency within the previous six months.
- (c) (1) If the Borough exercises the exception in paragraph (b) of this section, the Borough shall contact the controlled substances testing program(s) in which the driver participates or participated and shall obtain and retain from the testing program(s) the following information:
- (i) Name(s) and address(es) of the program(s).
 - (ii) Verification that the driver participates or participated in the program(s).
 - (iii) Verification that the program(s) conforms to part 40 of Federal regulations.
 - (iv) Verification that the driver is qualified under the rules of this policy, including that the driver has not refused to be tested for controlled substances.
 - (v) The date the driver was last tested for controlled substances.
 - (vi) The results of any tests taken within the previous six months and any other violations of Section B of this policy.
- (2) If the Borough who uses, but does not employ a driver more than once a year to operate commercial motor vehicles must obtain the information in paragraph (c)(1) of this section at least once every six months. The records prepared under this paragraph shall be maintained in accordance with 382.401. If the Borough cannot verify that the driver is participating in a controlled substances testing program in accordance with this policy and part 40 of Federal regulations, the Borough shall conduct a pre-employment-controlled substances test.
- (d) The Borough may, but is not required to, conduct pre-employment alcohol testing under this policy. If the Borough chooses to conduct pre-employment alcohol testing, it must comply with the following requirements:
- (1) It must conduct a pre-employment alcohol test before the first performance of safety-sensitive functions by every covered employee (whether a new employee or someone who has transferred to a position involving the performance of safety-sensitive functions).
 - (2) It must treat all safety-sensitive employees performing safety-sensitive functions the same for the purpose of pre-employment alcohol testing (i.e., it must not test some covered employees and not others).
 - (3) It must conduct the pre-employment tests after making a contingent offer of employment or transfer, subject to the employee passing the pre-employment alcohol test.
 - (4) It must conduct all pre-employment alcohol tests using the alcohol testing procedures of 49 CFR part 40 of Federal regulation.

- (5) It must not allow a covered employee to begin performing safety-sensitive functions unless the result of the employee's test indicates an alcohol concentration of less than 0.04.

POST-ACCIDENT 382.303

(a) As soon as practicable following an occurrence involving a commercial motor vehicle operating on a public road in commerce, the Borough shall test for alcohol for each of its surviving drivers:

(1) Who was performing safety-sensitive functions with respect to the vehicle, if the accident involved the loss of human life; or

(2) Who receives a citation within 8 hours of the occurrence under State or local law for a moving traffic violation arising from the accident, if the accident involved:

(i) Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident; or

(ii) One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.

(b) As soon as practicable following an occurrence involving a commercial motor vehicle operating on a public road in commerce, the Borough shall test for controlled substances for each of its surviving drivers:

(1) Who was performing safety-sensitive functions with respect to the vehicle, if the accident involved the loss of human life; or

(2) Who receives a citation within thirty-two hours of the occurrence under State or local law for a moving traffic violation arising from the accident, if the accident involved:

(i) Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident; or

(ii) One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.

(c) The following table notes when a post-accident test is required to be conducted by paragraphs (a)(1), (a)(2), (b)(1), and (b)(2) of this section:

<u>Type of accident involved</u>	<u>Citation issued to the CMV driver</u>	<u>Test must be performed by the Borough</u>
Human fatality	YES	YES
	NO	YES
Bodily injury with immediate medical treatment away from the scene	YES	YES
	NO	NO
Disabling damage to any motor vehicle requiring tow away	YES	YES
	NO	NO

(d) (1) Alcohol tests. If a test required by this section is not administered within two hours following the accident, the Borough shall prepare and maintain on file a record stating the reasons the test was not promptly administered. If a test required by this section is not administered within eight hours following the accident, the Borough shall cease attempts to administer an alcohol test and shall prepare and maintain the same record. Records shall be submitted to the FMCSA upon request.

(2) Controlled substance tests. If a test required by this section is not administered within 32 hours following the accident, the Borough shall cease attempts to administer a controlled substances test, and prepare and maintain on file a record stating the reasons the test was not promptly administered. Records shall be submitted to the FMCSA upon request.

(e) A driver who is subject to post-accident testing shall remain readily available for such testing or may be deemed by the Borough to have refused to submit to testing. Nothing in this section shall be construed to require the delay of necessary medical attention for injured people following an accident or to prohibit a driver from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident, or to obtain necessary emergency medical care.

(f) The Borough shall provide drivers with necessary post-accident information, procedures and instructions, prior to the driver operating a commercial motor vehicle, so that drivers will be able to comply with the requirements of this section.

(g) (1) The results of a breath or blood test for the use of alcohol, conducted by Federal, State, or local officials having independent authority for the test, shall be considered to meet the requirements of this section, provided such tests conform to the applicable Federal, State or

local alcohol testing requirements, and that the results of the tests are obtained by the Borough.

(2) The results of a urine test for the use of controlled substances, conducted by Federal, State, or local officials having independent authority for the test, shall be considered to meet the requirements of this section, provided such tests conform to the applicable Federal, State or local controlled substances testing requirements, and that the results of the tests are obtained by the Borough.

(h) Exception. This section does not apply to:

- (1) An occurrence involving only boarding or alighting from a stationary motor vehicle; or
- (2) An occurrence involving only the loading or unloading of cargo; or
- (3) An occurrence in the course of the operation of a passenger car or a multipurpose passenger vehicle (as defined in 571.3) by the Borough unless the motor vehicle is transporting passengers for hire or hazardous materials of a type and quantity that require the motor vehicle to be marked or placarded in accordance with 177.823.

RANDOM 382.305

(a) The Borough shall comply with the requirements of this section. Every driver shall submit to random alcohol and controlled substance testing as required in this section.

(b) (1) Except as provided in paragraphs (c) through (e) of this section, the minimum annual percentage rate for random alcohol testing shall be 10 percent of the average number of driver positions.

(2) Except as provided in paragraphs (f) through (h) of this section, the minimum annual percentage rate for random controlled substances testing shall be 25 percent of the average number of driver positions.

(i) (1) The selection of drivers for random alcohol and controlled substances testing shall be made by a scientifically valid method, such as a random number table or a computer-based random number generator that is matched with drivers' Social Security numbers, payroll identification numbers, or other comparable identifying numbers.

(2) Each driver selected for random alcohol and controlled substances testing under the selection process used, shall have an equal chance of being tested each time selections are made.

(3) Each driver selected for testing shall be tested during the selection period.

(j) (1) To calculate the total number of covered drivers eligible for random testing throughout the year, the Borough, must add the total number of covered drivers eligible for testing during each random testing period for the year and divide that total by the number of random testing periods. Covered employees, and only covered employees, are to be in the Borough's random testing pool, and all covered drivers must be in the random pool. If the Borough conducts random testing more often than once per month (e.g., daily, weekly, bi-weekly) the Borough does not need to compute this total number of covered drivers' rate more than on a once per month basis.

(2) The Borough may use a service agent (e.g., a C/TPA) to perform random selections and covered drivers may be part of a larger random testing pool of covered employees. However, the Borough must ensure that the service agent is testing at the appropriate percentage established for FMCSA and that only covered employees are in the random testing pool

(k) (1) The Borough shall ensure that random alcohol and controlled substances tests conducted under this policy are unannounced.

(2) The Borough shall ensure that the dates for administering random alcohol and controlled substances tests are spread reasonably throughout the calendar year.

(l) The Borough shall require that each driver who is notified of selection for random alcohol and/or controlled substances testing proceeds to the test site immediately; provided, however, that if the driver is performing a safety-sensitive function, other than driving a commercial motor vehicle, at the time of notification, the Borough shall instead ensure that the driver ceases to perform the safety-sensitive function and proceeds to the testing site as soon as possible.

(m) A driver shall only be tested for alcohol while the driver is performing safety-sensitive functions, just before the driver is to perform safety-sensitive functions, or just after the driver has ceased performing such functions.

(n) If a given driver is subject to random alcohol or controlled substances testing under the random alcohol or controlled substances testing rules of more than one DOT agency for the Borough, the driver shall be subject to random alcohol and/or controlled substances testing at the annual percentage rate established for the calendar year by the DOT agency regulating more than 50 percent of the driver's function.

(o) If the Borough is required to conduct random alcohol or controlled substances testing under the alcohol or controlled substances testing rules of more than one DOT agency, the Borough may--

(1) Establish separate pools for random selection, with each pool containing the DOT-covered employees who are subject to testing at the same required minimum annual percentage rate; or

(2) Randomly select such employees for testing at the highest minimum annual percentage rate established for the calendar year by any DOT agency to which the Borough is subject.

REASONABLE SUSPICION 382.307

(a) The Borough shall require a driver to submit to an alcohol test when the Borough has reasonable suspicion to believe that the driver has violated the prohibitions of Section B of this policy concerning alcohol. The Borough's determination that reasonable suspicion exists to require the driver to undergo an alcohol test must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech or body odors of the driver.

(b) The Borough shall require a driver to submit to a controlled substances test when there is reasonable suspicion to believe that the driver has violated the prohibitions of Section B of this policy concerning controlled substances. The Borough's determination that reasonable suspicion exists to require the driver to undergo a controlled substances test must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech or body

odors of the driver. The observations may include indications of the chronic and withdrawal effects of controlled substances.

(c) The required observations for alcohol and/or controlled substances reasonable suspicion testing shall be made by a supervisor or an official of the Borough who is trained in accordance with 382.603. The person who makes the determination that reasonable suspicion exists to conduct an alcohol test shall not conduct the alcohol test of the driver. If the employee insists on driving, the proper local Police authority should be notified that an employee, who we believe may be under the influence of a drug or alcohol, is leaving the Borough premises driving a motor vehicle.

(d) Alcohol testing is authorized by DOT/FMCSA regulations only if the observations required by paragraph (a) of this section are made during, just preceding, or just after the period of the work day that the driver is required to be in compliance with the Federal regulation. A driver may be directed by the Borough to only undergo reasonable suspicion alcohol testing while the driver is performing safety-sensitive functions, just before the driver is to perform safety-sensitive functions, or just after the driver has ceased performing such functions.

(e) (1) If an alcohol test required by DOT/FMCSA regulations is not administered within two (2) hours following the determination under paragraph (a) of this section, the Borough shall prepare and maintain on file a record stating the reasons the alcohol test was not promptly administered. If an alcohol test required by DOT/FMCSA regulations is not administered within eight (8) hours following the determination under paragraph (a) of this section, the Borough shall cease attempts to administer an alcohol test and shall state in the record the reasons for not administering the test.

(2) Notwithstanding the absence of a reasonable suspicion alcohol test under DOT/FMCSA regulations, no driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while the driver is under the influence of or impaired by alcohol, as shown by the behavioral, speech, and performance indicators of alcohol misuse, nor shall the Borough permit the driver to perform or continue to perform safety-sensitive functions, until:

(i) An alcohol test is administered and the driver's alcohol concentration measures less than 0.02; or

(ii) Twenty four (24) hours have elapsed following the determination under paragraph (a) of this section that there is reasonable suspicion to believe that the driver has violated the prohibitions in this policy concerning the use of alcohol.

(3) Except as provided in paragraph (e)(2) of this section, the Borough shall take no action under this policy against a driver based solely on the driver's behavior and appearance, with respect to alcohol use, in the absence of an alcohol test. This does not prohibit the Borough with independent authority of DOT/FMCSA regulations from taking any action otherwise consistent with law.

(f) A written record shall be made of the observations leading to an alcohol or controlled substances reasonable suspicion test, and signed by the supervisor or an official of the Borough who made the observations, with 24 hours of the observed behavior or before the results of the alcohol or controlled substances tests are released, whichever is earlier.

RETURN-TO-DUTY 382.309

The requirements for return-to-duty testing must be performed in accordance with 49 CFR part 40, Subpart O, including that such tests will be collected under direct observation.

FOLLOW-UP 382.311

The requirements for follow-up testing must be performed in accordance with 49 CFR part 40, Subpart O, including that such tests will be collected under direct observation.

SECTION D - HANDLING OF TEST RESULTS, RECORD RETENTION AND CONFIDENTIALITY

(b) If the Borough is notified, during the month of January, of a request by the Federal Motor Carrier Safety Administration to report the Borough's annual calendar year summary information, the Borough shall prepare and submit the report to the FMCSA by March 15 of that year. The Borough shall ensure that the annual summary report is accurate and received by March 15 at the location that the FMCSA specifies in its request. The Borough must use the Management Information System (MIS) form and instructions as required by 49 CFR part 40 (at Sec. 40.26 and appendix H to part 40). The Borough may also use the electronic version of the

MIS form provided by the DOT. The Administrator may designate means (e.g., electronic program transmitted via the Internet), other than hard-copy, for MIS form submission. For information on the electronic version of the form, see:

<http://www.fmcsa.dot.gov/safetyprogs/drugs/engtesting.htm>.

The Borough may have to explain the testing data for these employees in the event of a DOT agency inspection or audit.

(e) A service agent (e.g., Consortia/Third party administrator as defined in 49 CFR 382.107) may prepare the MIS report on behalf of the Borough. (c) No person may obtain the individual controlled substances test results retained by a medical review officer (MRO as defined in § 40.3) or a consortium/third party administrator (C/TPA as defined in 382.107), and no MRO or C/TPA may release the individual controlled substances test results of any driver to any person, without first obtaining a specific, written authorization from

the tested driver. Nothing in this paragraph (c) shall prohibit a MRO or a C/TPA from releasing to the employer, the Clearinghouse (once established), or to the Secretary of Transportation, any DOT agency, or any State or local officials with regulatory authority over the controlled substances and alcohol testing program under this part, the information delineated in part 40, subpart G.

(c) If an applicant was subject to an alcohol and controlled substance testing program under the requirements of a DOT Agency other than FMCSA, the Borough must request the alcohol and controlled substances information required under this section and § 40.25 directly from those employers regulated by a DOT Agency other than FMCSA.

NOTIFICATION TO EMPLOYERS OF A CONTROLLED SUBSTANCES OR ALCOHOL TESTING PROGRAM VIOLATION 382.415

Each person holding a commercial driver's license and subject to the DOT controlled substances and alcohol testing requirements under § 382 who has violated the alcohol and controlled

substances prohibitions under part 40 or under § 382 without complying with the requirements of part 40, subpart O, must notify in writing all current employers of such violation(s). The driver is not required to provide notification to the employer that administered the test or documented the circumstances that gave rise to the violation. The notification must be made before the end of the business day following the day the employee received notice of the violation, or prior to performing any safety-sensitive function, whichever comes first.

SECTION E - CONSEQUENCES FOR DRIVERS ENGAGING IN SUBSTANCE USE-RELATED CONDUCT

REMOVAL FROM SAFETY-SENSITIVE FUNCTION 382.501

(a) Except as provided in Section F of this policy, no driver shall perform safety-sensitive functions, including driving a commercial motor vehicle, if the driver has engaged in conduct prohibited by Section B of this policy or an alcohol or controlled substances rule of another DOT agency.

(b) The Borough shall not permit any driver to perform safety-sensitive functions, including driving a commercial motor vehicle, if the Borough has determined that the driver has violated this policy.

(c) For the purposes of DOT/FMCSA regulations, commercial motor vehicle means a commercial motor vehicle in commerce as defined in 382.107 and a commercial motor vehicle in interstate commerce as defined in part 390.

REQUIRED EVALUATION AND TESTING 382.503

No driver who has engaged in conduct prohibited by Section B of this policy shall perform safety-sensitive functions, including driving a commercial motor vehicle, unless the driver has met the requirements of 49 CFR part 40, Subpart O. The Borough shall not permit a driver who has engaged in conduct prohibited by Section B of this policy to perform safety-sensitive functions, including driving a commercial motor vehicle, unless the driver has met the requirements of 49 CFR part 40, Subpart O.

OTHER ALCOHOL-RELATED CONDUCT 382.505

(a) No driver tested under the provisions of Section C of this policy who is found to have an alcohol concentration of 0.02 or greater but less than 0.04 shall perform or continue to perform safety-sensitive functions for the Borough, including driving a commercial motor vehicle, nor shall the Borough permit the driver to perform or continue to perform safety-sensitive functions, until the start of the driver's next regularly scheduled duty period, but not less than 24 hours following administration of the test.

(b) Except as provided in paragraph (a) of this section, the Borough shall not take any action under this policy against a driver based solely on test results showing an alcohol concentration less than 0.04. This does not prohibit the Borough with authority independent of this policy from taking any action otherwise consistent with law.

The use or possession of alcoholic beverages while on the Borough's property, or in any of the Borough's vehicle, or on the Borough's time, including breaks or lunch, paid or unpaid, on any shift, is strictly prohibited.

Employees who are not at work, but who could be called out are expected to be fit for duty upon reporting for work. If an employee is under the influence of alcohol, the employee must notify the Borough's personnel when contacted. Failure to advise the Borough of alcohol consumption may result in disciplinary action. If a covered employee is perceived to be under the influence of alcohol when reporting to work after being called in, the employee's supervisor must be notified.

The supervisor must objectively observe the employee's behavior and if possible, substantiate the behavior with a second supervisor. Supervisors must have received training in alcohol and/or substance abuse detection. The supervisor must follow procedures outlined in the policy. If a determination to test for reasonable suspicion is made, the employee is immediately removed from safety-sensitive duties and the DER is contacted.

PENALTIES 382.507

The Borough and/or driver who violates the FMCSA requirements of § 382 and/or 49 CFR part 40 shall be subject to the civil and/or criminal penalty provisions of 49 U.S.C. Section 521(b).

The purpose of the Borough Policy update in advance of the Compliance Date of January 6, 2020 as mandated by § 382.601: 1) is part of the Borough’s efforts to meet its *Employer Obligation to Promulgate a Policy on the Misuse of Alcohol and Use of Controlled Substance*; 2) to publish educational materials to drivers about the Clearinghouse and other regulatory changes contained in the Final Rule issued December 5, 2016; and 3) to notify drivers that drug and alcohol test information will be reported to the Clearinghouse beginning January 6, 2020 so as to encourage drivers to seek substance abuse treatment if they currently have a problem with the misuse of alcohol and/or use of controlled substance(s).

DRUG AND ALCOHOL CLEARINGHOUSE 382.701

(a) Pre-employment query required.

(1) Employers must not employ a driver subject to controlled substances and alcohol testing to perform a safety-sensitive function without first conducting a pre-employment query of the Clearinghouse to obtain information about whether the driver has a verified positive, adulterated, or substituted controlled substances test result; has an alcohol confirmation test with a concentration of 0.04 or higher; has refused to submit to a test in violation of § 382.211; or that an employer has reported actual knowledge, as defined at § 382.107, that the driver used alcohol on duty in violation of § 382.205, used alcohol before duty in violation of § 382.207, used alcohol following an accident in violation of § 382.209, or used a controlled substance, in violation of § 382.213.

(2) The Borough must conduct a full query under this section, which releases information in the Clearinghouse to an employer and requires that the individual driver give specific consent.

(b) Annual query required.

(1) The Borough must conduct a query of the Clearinghouse at least once per year for information for all employee’s subject to controlled substance and alcohol testing under 382, to determine whether information exists in the Clearinghouse about those employees.

(2) In lieu of a full query, as described in paragraph (a)(2) of 382.701, the Borough may obtain the individual driver’s consent to conduct a limited query to satisfy the annual query requirement in paragraph (b)(1) of this section. The limited query will tell the Borough whether there is information about the individual driver in the Clearinghouse, but will not release that information to the Borough. The individual driver may give consent to conduct limited queries that is effective for more than one year.

(3) If the limited query shows that information exists in the Clearinghouse about the individual driver, the employer must conduct a full query, in accordance with paragraph (a)(2) of 382.701, within 24 hours of conducting the limited query. If the employer fails to conduct a full query within 24 hours, the employer must not allow the driver to continue to perform any safety-sensitive function until the employer conducts the full query and the results confirm that the driver's Clearinghouse record contains no prohibitions as defined in paragraph (d) of 382.701.

(c) *Employer notification.* If any information described in paragraph (a) of 382.701 is entered into the Clearinghouse about a driver during the 30-day period immediately following an employer conducting a query of that driver's records, FMCSA will notify the employer.

(d) *Prohibition.* No employer may allow a driver to perform any safety-sensitive function if the results of a Clearinghouse query demonstrate that the driver has a verified positive, adulterated, or substituted controlled substances test result; has an alcohol confirmation test with a concentration of 0.04 or higher; has refused to submit to a test in violation of § 382.211; or that an employer has reported actual knowledge, as defined at

§ 382.107, that the driver used alcohol on duty in violation of § 382.205, used alcohol before duty in violation of § 382.207, used alcohol following an accident in violation of § 382.209, or used a controlled substance in violation of § 382.213, except where a query of the Clearinghouse demonstrates:

(1) That the driver has successfully completed the SAP evaluation, referral, and education/treatment process set forth in part 40, subpart O, of this title; achieves a negative return-to-duty test result; and completes the follow-up testing plan prescribed by the SAP.

(2) That, if the driver has not completed all follow-up tests as prescribed by the SAP in accordance with § 40.307 and specified in the SAP report required by § 40.311, the driver has completed the SAP evaluation, referral, and education/treatment process set forth in part 40, subpart O, and achieves a negative return-to-duty test result, and the employer assumes the responsibility for managing the follow-up testing process associated with the testing violation.

(e) *Recordkeeping required.* Employers must retain for 3 years a record of each query and all information received in response to each query made under this section. As of January 6, 2023, an employer who maintains a valid registration fulfills this requirement.

DRIVER CONSENT TO PERMIT ACCESS TO INFORMATION IN THE CLEARINGHOUSE 382.703

(a) No employer may query the Clearinghouse to determine whether a record exists for any particular driver without first obtaining that driver's written or electronic consent. The employer conducting the search must retain the consent for 3 years from the date of the last query.

(b) Before the Borough may access information contained in the driver's Clearinghouse record, the driver must submit electronic consent through the Clearinghouse granting the employer access to the following specific records:

- (1) A verified positive, adulterated, or substituted controlled substances test result;
 - (2) An alcohol confirmation test with a concentration of 0.04 or higher;
 - (3) A refusal to submit to a test in violation of § 382.211;
 - (4) An employer's report of actual knowledge, as defined at § 382.107, of:
 - (i) On duty alcohol use pursuant to § 382.205;
 - (ii) Pre-duty alcohol use pursuant to § 382.207;
 - (iii) Alcohol use following an accident pursuant to § 382.209; and
 - (iv) Controlled substance use pursuant to § 382.213;
 - (5) A SAP report of the successful completion of the return-to-duty process;
 - (6) A negative return-to-duty test; and
 - (7) An employer's report of completion of follow-up testing.
- (c) No employer may permit a driver to perform a safety-sensitive function if the driver refuses to grant the consent required by paragraphs (a) and (b) of 382.703.
- (d) A driver granting consent under 382.703 must provide consent electronically to the Agency through the Clearinghouse prior to release of information to an employer in accordance with § 382.701(a)(2) or (b)(3).
- (e) A driver granting consent under this section grants consent for the Agency to release information to an employer in accordance with § 382.701(c).

Under this subpart a refusal would also include a refusal to undergo a medical examination or evaluation to substantiate a qualifying medical condition.

**BOROUGH OF DUMONT
DRUG AND ALCOHOL TESTING POLICY
FOR NON-CDL/NON-DOT EMPLOYEES**

MISSION AND PURPOSE

The Borough is committed to maintaining a safe and productive working environment. Employees have the right to come to work without fear of interacting with someone under the influence of drugs or alcohol and the Borough has a right to have a workforce that is focused and committed to their positions, without being under influence of drugs or alcohol. This is considered a Health & Safety Policy of the Borough. The Borough's Designated Employer Representative ("DER") is Anthony Schiraldi. The Alternative DER is Christopher Tully. Their contact information appears at the end of this policy.

One of the Borough's prime goals in its role as an employer, is in protecting the safety, health and welfare of its employees and others with whom they interface such as citizens, contractors and members of the public. The objective of this policy is to maintain a working environment free from the adverse effects of substance abuse. While the Borough has no intention of intruding into the private lives of its employees, the Borough does expect employees to report to work unimpaired and able to perform the duties of their job safely and effectively.

In addition to absenteeism and accidents, substance abuse can adversely affect performance, productivity and workplace morale. Co-workers may feel that they have to cover up, or work harder because of someone's substance abuse. Ultimately an employee with an alcohol or drug problem may lose their job and/or suffer devastating effects on their health. The Borough has a duty to safeguard its employees and the public from the risk of harm from employees who work under the influence of alcohol and drugs. Similarly, employees who are working under the influence, and employees who know that a fellow employee is working under the influence, owe such a duty to themselves, their co-workers and the public.

All employees and contractors are responsible and accountable for ensuring that they, and their employees, are not under the influence of alcohol or drugs when carrying out work for the Borough. Managers and supervisors are responsible for taking appropriate action where they identify individuals who are at work while under the influence of alcohol or drugs. They should also take appropriate action to protect the health and safety of individuals who may be affected.

To the extent this Policy supplements, and does not conflict with current Collective Bargaining Agreements ("CBA"), it is applicable. However, to the extent this policy may conflict with a CBA, the CBA shall prevail. This policy does not tolerate the abuse of drugs or alcohol in the workplace and encourages any employee who may be suffering from a substance abuse problem to seek assistance. If an employee needs help, the Borough has resources through its Employee Assistance Program ("EAP") and Substance Abuse Professional ("SAP") for a confidential evaluation and referral for substance abuse treatment, if necessary.

Compliance with this policy is a condition of hire and continued employment. The Borough has developed its drug-free workplace policy in compliance with New Jersey Laws, and the Fourth Amendment to the United States Constitution as it covers employees of governmental entities. Applicant testing will begin immediately and sixty (60) days after the effective date of this policy,

all employees are subject to testing as outlined below. The existing drug and alcohol testing program will remain in place until the effective date of this program.

CONFIDENTIALITY

All testing information is considered confidential information by the Borough and will be maintained in a separate file along with the employee's medical records, separate from other personnel files. An employee has the right to inspect and obtain a copy of his or her drug test results. Drug testing information will only be released to those employees of the Borough with a job related need to know - the DER or Alternate DER; to defend against any administrative action brought by the employee against the Borough; in grievance or arbitration proceeding under the terms of a CBA; in a court of law under subpoena; as released by the employee in writing, the Medical Review Office(r) ("MRO"); Borough insurers; rehabilitation programs; and, otherwise, as required by law.

SECTION 4

TESTING METHODOLOGY

- Drug and alcohol testing is done through chemical analysis which determines without question if a person has drugs or alcohol in his or her system and in conformity with regulations of the New Jersey Department of Health ("NJDOH"), or The Clinical Laboratory Improvement Amendments of 1988 ("CLIA").
- Specimens subject to testing include urine, breath, hair, oral fluids, or blood.
- Specimen collections, chain of custody and drug and alcohol tests will be in substantial compliance with the NJDOH procedures applicable to the type of specimen being tested. To ensure accuracy, urine lab test procedures shall include a preliminary drug screening, two highly

sophisticated scientific tests including adulterant detection, and are reported to an independent certified MRO prior to being released to the Borough.

- Observed urine collections will only be conducted with the consent of the donor, and the observer will be by a person whose gender matches the donor's gender as identified by the donor at the beginning of the observed collection. Observed collections will be conducted in a professional manner that minimizes discomfort to the donor, and a medical professional may serve as the monitor, regardless of gender.
- The MRO may recommend the collection of an alternate specimen (e.g., oral fluid) when a donor is unable to provide a sufficient amount of urine specimen at the collection site. The MRO will verify that chain of custody procedures were adhered to, use of a certified laboratory and that the test results were valid.
- The Borough provides reasonable accommodations to employees and/or applicants in the alcohol and drug testing program whose physical condition prevents them from producing a urine specimen suitable for testing. An employee may contact the DER if they wish to make an accommodation request. In accordance with Borough policy, a test result reported by the laboratory as a negative dilute urine test is not considered a negative test but subjects the donor to immediate retesting. A second negative dilute urine test will render an applicant ineligible for hire and, for current employees, where a negative test is required, not currently fit for duty.
- All positive initial tests are confirmed by GC/MS at established DOT cut off levels. An Alcohol content of 0.04 or higher using a DOT approved alcohol screening device, or breath alcohol device, is classified as a positive test.
- The drugs tested for may include all or some of the following: (1) Amphetamines; (2) Cannabinoids; (3) Cocaine; (4) Phencyclidine (PCP); (5) Opioids, designer drugs, or a metabolite of any of the above substances and mind altering synthetic narcotics or designer drugs, or impairing effect medications or substances.

SECTION 5

POSITIVE RESULTS

- a. The MRO will contact the employee confidentially to give them an opportunity to discuss their results before reporting them to the Borough as a verified positive. An employee may discuss the result with the MRO up to seventy-two (72) hours after a positive result and ask questions of the MRO about prescription and non-prescription medications, rebut or explain the test results to the MRO, and provide supporting documentation.
- b. During this 72 hour period, any applicant or employee may request that their split specimen be tested at a second laboratory and if positive, they will be responsible for that expense and that cost may be deducted from their paycheck, depending upon the result and, if negative, the employee will be reimbursed by the Borough for the cost of the test and any lost time.
- c. Under federal regulations, the MRO has the discretionary authority to notify the Borough that an employee is temporarily medically disqualified from the performance of safety-sensitive

work during this evaluation period and also has the duty to notify the Borough if the employee is taking an impairing effect medication.

- d. A positive drug or alcohol test is classified as willful misconduct and a violation of the Borough's Policy. Any employee who tests positive, or refuses to be tested, may be subject to appropriate disciplinary action for engaging in willful misconduct connected with work, up to and including immediate termination, for gross misconduct connected with work, and violation of a safety rule for those employees working in a safety-sensitive position and/or forfeit eligibility for Worker's Compensation benefits N.J.S.A. 34:15-7 if post-accident and may adversely affect an employee's eligibility to receive Unemployment Compensation benefits.
- e. Any applicant made a conditional offer that tests positive, or refuses to be tested, will be denied employment or have their offer withdrawn. However, the Borough shall not take adverse employment action in violation of N.J.A.C. 42:6I-6.1(9), but shall retain its rights under section N.J.A.C. 42:6I-6.1(9)(c).

SECTION 6

IMPAIRMENT CAUSING FAILURE TO ADHERE TO SAFETY PRACTICES

Often times, impairment from drugs or alcohol will cause an employee to fail to adhere to safety guidelines and other common sense safe working practices. Failure to wear a seatbelt, failure to use Borough provided or required safety equipment, failure to follow safety guidelines, or removal (or disabling) of a safety guard will be willful misconduct connected with work, and subject the employee to discipline, up to and including discharge for violation of Borough Policy.

SECTION 7

DISCLOSURE OF POTENTIALLY IMPAIRING MEDICATIONS OR SUBSTANCES

Any employee working in a safety-sensitive position as defined in Section 3, is required, to pre-duty disclosure that they are taking or using ANY impairing effect prescription, including medical marijuana, over-the-counter medications, mind altering synthetic or designer drugs or other substance which may have an effect on performance of safety-sensitive duties. This includes medical and recreational Marijuana, the use of which the Borough, for safety reasons, will not be able to accommodate employees working in safety sensitive positions. However, employees who are qualifying medical marijuana cardholders may request a reasonable accommodation by contacting the DER and such request will be considered.

If the fact that the employee is taking or using an impairing effect medication or substance is not disclosed pre-duty by a safety-sensitive employee and the employee tests positive, is otherwise determined to be taking or using such, or is determined by the MRO to be a potential safety risk due to taking or using an impairing effect medication or substance, that employee will be subject to discipline, up to and including termination, for violation of this safety rule. If disclosure is made, the Borough reserves the right to send the employee for a Fitness-for-Duty evaluation to evaluate the medication or substance and its effects on the performance of safety-sensitive duties. In advance of testing, employees are encouraged to have their own doctor make an individualized assessment of any safety related risks of the medications or substances which they are taking or using, providing

the doctor a copy of their job description and having the doctor to render an opinion on the safety related risks. The employee need not disclose to the Borough the medication or medical condition involved to fulfill the disclosure obligation of this Policy. All information provided will be kept separate from personnel files and in a confidential manner. The MRO, or another Medical Professional selected by the Borough, will make the final determination on the safety related risks of any particular medication or substance.

SECTION 8

POSITIVE TEST FOR ADULTERANTS

The use of an adulterant (something added to a specimen to attempt to hide drug use) is considered a refusal to test and a violation of the Policy. The same would be true if an employee attempted to substitute a specimen. Any employee who is found to have violated this Policy by attempting to defraud a drug or alcohol test may be subject to appropriate disciplinary action, up to and including termination for willful misconduct connected with work, or withdrawal of a job offer. No last chance opportunity is available under such a circumstance. It is a criminal offense to substitute or adulterate a test specimen. It also is a criminal offense in New Jersey to manufacture, sell, give away, or possess any device or substance designed or commonly used to substitute or adulterate a test specimen. N.J.S.A. 2C:36-10. The MRO may declare a urine specimen to be adulterated or substituted based on the laboratory report.

SECTION 9

REFUSAL OF TESTING

A refusal to provide a specimen for testing, unless the MRO agrees a medically valid reason exists for an employee's inability, will be considered willful misconduct connected with work. Such willful misconduct connected with work will cause an applicant's offer to be withdrawn and may subject an existing employee to immediate termination for cause. Under New Jersey law, unemployment compensation benefits may not be available in such a circumstance. Failure to report for specimen collection within a reasonable time, two (2) hours of being directed to do so is also classified as a refusal under the Borough Policy.

SECTION 10

EMPLOYEE SUBSTANCE ABUSE DEPENDENCY

The Borough will provide support for employees who need support and help with alcohol or drugs dependency via confidential EAP, SAP or Medical/Occupational Health support services. Employees who proactively seek treatment will be treated sympathetically and in a confidential manner in accordance with the Americans with Disabilities Act and under any corollary laws of the State of New Jersey.

The fact that an employee is seeking or undergoing treatment will not, however, be a defense to a charge of willful misconduct if the employee reports for work under the influence of alcohol or drugs. This Policy encourages any employee with a drug or alcohol problem to voluntarily and

confidentially seek help through the EAP/SAP program prior to the commencement of any of the forms of testing identified herein.

For confidential help with a substance abuse problem, employees should contact the DER or the EAP/SAP. Counseling and rehabilitation for alcohol or substance abuse is available through the EAP, and may also be available under the health and welfare benefit program for employees, *only to the extent of the current benefits package*. The Borough will assume no direct financial responsibility for counseling or rehabilitation costs of an employee, not covered by the EAP. Any costs in addition to or in excess of any available health benefits are the employee's responsibility. A list of state and national Substance Abuse Resources is a part of this Policy.

SECTION 11

TYPES OF TESTING PERFORMED

- Pre-employment: Pre-employment drug testing will be performed on all final applicants for the following positions: Emergency Medical Technicians (including dispatchers); Members of the Borough Fire Department (including dispatchers); Recreation Department Employees who interact with children on a regular basis (including volunteers); any member of the Department of Public Works who is not the holder of a CDL; and, all employees of the Police Department who are not covered by the Law Enforcement Drug Testing Policy enacted by the Dumont Police Department.

Any Department Head or supervisor who has reason to believe that an employee is under the influence of drugs or alcohol shall immediately report same to the Borough Administrator for further action. Under no circumstances shall a Department Head or supervisor send an employee home instead of contacting the Borough Administrator. Any such conduct shall be punishable pursuant to Borough disciplinary rules. Employees selected for testing shall be suspended until a negative drug/alcohol screen or laboratory test result is received. If a negative result is received, the employee will not suffer a loss of pay.
- Post-Accident/Incident Testing: Testing of all employees may be conducted under any of the following circumstances: 1) the employee involved in the incident/accident was actively engaging in an alcohol or drug related activity which objectively could have caused or contributed to the injury or damage; or 2) the employee was operating, controlling, or repairing any machinery, tool, device, equipment or vehicle that was involved in the incident/accident; or 3) the employee's action or in-action was likely a contributing factor to the incident/accident or

cannot be completely discounted as a contributing factor based on information available at the time of the incident/accident; or 4) testing is being conducted as part of the Borough's Post Incident/Accident Investigation related to possible Workers' Compensation Disqualification; or 5) testing is being conducted for other non-injured employees whose actions, or in-action, could have contributed to the incident/accident as part of a root cause investigation; or 6) post-accident drug testing is required by the Workers' Compensation Carrier or Fund.

- Random: Random drug testing may be conducted for employees in the following positions: Emergency Medical Technicians (including dispatchers); Members of the Borough Fire Department (including dispatchers); Recreation Department Employees who interact with children on a regular basis (including volunteers); any member of the Department of Public Works who is not the holder of a CDL; and, all employees of the Police Department who are not covered by the Law Enforcement Drug Testing Policy enacted by the Dumont Police Department. Those subject to testing are randomly selected, using scientifically valid methods, from a "pool" of covered employees.

SECTION 12
